

# Curriculum Vitae (CV)

## Personal Information

**Name:** Mohamed Abdulmutalib Abdulrhman Ahmed

**Location:** Cairo, Egypt

**Email:** [mohd@mohdmusalib.com](mailto:mohd@mohdmusalib.com)

**Portfolio:** [www.mohdmusalib.com](http://www.mohdmusalib.com)

---

## Career Objective

Electrical Engineer (Communications & Computer) with a strong background in computer science, Linux systems, and software development. Passionate about Python programming, cybersecurity, and full-stack web development. Seeking a professional role where I can apply my technical skills, contribute to real-world projects, and continue growing in a challenging technical environment.

---

## Target Job Titles

- Computer Engineer
  - Linux / Systems Engineer
  - Backend Developer (Python / Flask)
  - Full-Stack Developer
  - Cybersecurity Associate
- 

## Education

### Bachelor's Degree in Electrical Engineering

**Specialization:** Communications & Computer Engineering

**University:** OIU

**Status:** Graduate

---

## Technical Experience

- Strong experience with **Linux operating systems** and system administration fundamentals.
- Practical experience with **SQL databases** and relational database concepts.
- Solid programming skills using **Python**.
- Hands-on experience with **Flask** for backend and web application development.
- Experience using **OpenCV** for computer vision and image processing projects.
- Knowledge of **Front-End technologies** (HTML, CSS) and **Full-Stack development** workflows.

- Good understanding of **Cybersecurity principles** and security best practices.
  - Strong foundation in **Computer Science** (data structures, algorithms, problem-solving).
  - Experience working on real-world technical projects and self-driven learning.
- 

## Skills

- Linux Operating Systems
  - SQL Databases
  - Python Programming
  - Flask Framework
  - OpenCV (Computer Vision)
  - Front-End Development (HTML, CSS)
  - Full-Stack Development Concepts
  - Cybersecurity Fundamentals
  - Computer Science Foundations
  - Analytical Thinking & Problem Solving
  - Fast and Independent Learner
- 

## Languages

- Arabic: Native
  - English: Very Good (Advanced)
- 

## Certifications & Courses

- **Google Cybersecurity Certificate** – Coursera
  - Technical Courses & Certificates – Coursera
- 

## Additional Information

- Strong technical portfolio showcasing real-world projects
- High motivation for continuous learning and skill development
- Ability to work independently or collaboratively within a team
- Strong interest in software engineering, cybersecurity, and system-level technologies
